Try incorporating some of these Singlish words into your conversations to speak like a local!

Order drinks like a Local

Singapore has a well-established kopitiam (coffee shop) culture that many locals hold close to their hearts.

Kopi in Singapore is made from Robusta beans, which have on average 83% more caffeine than standard arabica coffee! The beans are roasted in a wok with butter or margarine with sugar, which enhances their flavour.

You may notice quirky practices, particularly during order takings for beverages. Here is a guide to acquaint you with some of the unique terms Singaporeans use when ordering their preferred drink!
